November 13, 2007

Last week a letter was mailed to you because your household was randomly selected to help in a study about the quality of life in the Lewiston/Clarkston area.

If someone at your address has already completed the questionnaire, please accept our sincere thanks. If not, please have the adult in your household who has had the most recent birthday do so right away. We are especially grateful for your help with this important study.

To complete the survey, enter this web page address in the internet browser on a computer and then type in your access code to begin answering questions.

http://www.opinion.wsu.edu/lewistonclarkston       Your access code: 000000

If you do not have internet access, we would still like to hear from you. About ten days from now we will send a paper questionnaire and return envelope to everyone we have not heard from.

Sincerely,

Don A. Dillman, Regents Professor and Deputy Director
