Last week a study invitation was mailed to you because a member of your household was selected to help in a study about the quality of life in Nebraska.

If this person has already completed and returned the questionnaire, please accept our sincere thanks. If not, please have the person in your household who was asked to participate in the original letter complete the questionnaire as soon as possible. We are especially grateful for your help with this important study.

If you did not receive a questionnaire, if it was misplaced, or if you are unsure about who in your household should respond, please call us at 1-800-480-4549 so we can answer your questions or get another questionnaire mailed out to you today.

Sincerely,

Kristen Olson, Assistant Professor, University of Nebraska-Lincoln
